After the third lightless night, the business men took matters into their own hands. "If the city won't pay for the lights, we will," they told the city council.

Where was Lima when the lights went out?

MAZDA, the Mark of a Research Service. It is the mark which assures the user of the lamp that the manufacturer had advantage of the most recent findings of the Research Laboratories of the General Electric Company. Invention moves from the ideal to the real. So the researches of men trained to investigate and experiment make impressive contributions to human progress.

As part of an economy program, Lima, Ohio, tried turning out the street lights. The trial lasted three nights.

One newspaper summarized the result as "the probability of a crime wave, increase in the number of traffic accidents, and the loss to Lima business houses of a gigantic sum during the holiday season."

EDITORIALS

FORTIETH YEAR OPENS

ON September 22d Rollins entered upon another year of service in the field of Christian Education. It was the beginning of the fortieth session and because of that fact, the achievements to be wrought during the next thirty-six weeks will form an interesting chapter in the history of Florida's oldest college.

College sessions always open "auspiciously" and invariably "with bright prospects." These terms have become so trite that they have almost lost the force of their meaning, with reference to a new year. And yet if these words be analyzed they may more properly be applied to the opening of the fortieth session of Rollins College than ever before. Her debts are being gradually reduced, her endowment has grown rapidly within the last year, and her new enrollment stands out without question as composing those high qualities which may be observed in the country's best institutions.

The greatest note of optimism yet sounded as to the future refers to the administration of President Weir which has just begun. He is an educator worthy the term, a leader of high principles, and a business man of mature judgment. Surely, Rollins should thrive and make the fortieth year a high mark in her development as an institution for the furtherance of Christian Education.

FOOTBALL PROSPECTS

Rollins has begun her nineteenth year of football. While, because of her size, her past records have not been particularly brilliant in the number of points won, yet the Tars have played a consistent game and have pegged away often against tremendous odds. With the re-organization of the game, however, in which more skill and less brawn has become the determining factor, Rollins has steadily risen. Her total points won during the past three seasons amount to 584 as against 122 lost. That is not a mean record.

Just what the season of 1924 has in store for the Blue and Gold is of course a matter of conjecture. Whatever weaknesses there may be in the Varsity will surely be made up by the Freshman material, since the "Tar Babies" are eligible this year, although for the last time, for the Varsity. And so, alumni may confidently look forward to the winning of new laurels for 1924 by the Rollins Tars.

PRES. WEIR PRAISES ALUMNI PROGRAM

A feeling of much satisfaction will spread among the alumni when they learn that President Weir, the college's new executive, has praised the Alumni Program which was adopted at the February, 1924, meeting of the Association, and which is carried on page 1 of this issue. President Weir has also signified his intention of devoting

PRESIDENT WEIR ON CHRISTIAN EDUCATION**WILLIAM C. WEIR, M. S., LL. D.**

Ninth President of Rollins College, author of the accompanying article

THE need of the hour is not more factories or materials, not more railroads or steamships, not more armies or navies, but rather more education based on the plain teachings of Jesus. The prosperity of our country depends on the motives and purposes of the people. These motives and

purposes are directed in the right course only through religion. Legislation, bounties or force are of no avail in determining man's attitude toward life.

Religion, like everything else of value, must be taught. It is possible to get more in industry and business only through the

Projected at Pioneers Luncheon, Mar. 19, 1967

development of Christian Education and leadership. With the forces of evil backed by men and money, systematically organized to destroy, we must back with men and money all campaigns for Christian Education.

We are willing to give our property and even our lives when our country calls in time of war. Yet the call of Christian Education is today of even greater importance than was ever the call of the army or navy. I say this because we shall probably never live to see America attacked from without, but we may at any time see our best institutions attacked from within.

I am not offering Christian Education as a protector of property, because nearly all of the great progressive and liberal movements of history have been born in the hearts of Christian educators. I do, however, insist that the safety of our people as they go about the streets this very day, is due to the influence of the preachers rather than to influence of the policeman. Yes, the safety of our nation, including all groups, depends on Christian Education. Furthermore, at no time in our history has it been more greatly needed.

As the great life insurance companies are spending huge sums on doctors and scientific investigations, to improve the health of the nation, so business men should spend huge sums to develop those religious qualities of integrity, industry, faith, and service, which make for true prosperity. I repeat, the need of the hour is—not more factories or materials, not more railroads or steamships, nor more armies or navies—but rather more Christian Education. This is not the time to reduce investments in schools and Christian Education. This is the time of all times to increase such subscriptions.

Rollins College stands for all these worthwhile things. Her glorious record of trials in triumphs through the past forty years attest in no uncertain terms the positiveness of this statement. It has brought men and women of strong character and sterling worth into this county; and has assisted many of you my fellow citizens in providing your children with the necessary training and ideals that has permitted them to take dignified and useful positions in life.

What Rollins College has been able to

accomplish in the past will not suffice for the future, for the following reasons:

(1) It needs money in order to discharge the debt that the changed conditions incident to the war laid upon its shoulders.

(2) It needs money because its present income does not meet its operating expenses sufficiently to keep pace with the needs of the times, and offer to the young people of Orange and neighboring counties the training that will equip them in a large way to meet the demands of the future.

(3) It needs money in order to become in reality Orange county's greatest business asset. It has weathered the storms of the years, and with earnest and interested support, that would cause a multiplication of its equipment and student body, it would materially affect every form of business within the boundaries of the county.

To the good people of the county, without regard to your faith or creed, I earnestly commend the Institution to you for your consideration not only as an agency which makes for better and more worthy citizenry but bigger and more prosperous commercial relations one with another.

PRESIDENT WEIR PRAISES ALUMNI PROGRAM

(Continued from page 2)

his energies toward the realization of the alumni hopes for the development of Rollins into one of the "South's foremost, small, high grade, colleges of liberal arts". That President Weir has been able to so thoroughly and promptly analyze the Rollins situation is a great tribute to his understanding of and experience in college administration.

When President Weir met in conference with members of the Alumni Council recently, he stressed the importance of proceeding with the Alumni Program at once and referred to the necessity of enlarging the endowment to at least \$1,000,000 and the erection, during the coming year, of several greatly needed buildings. With a great leader at the helm, alumni should redouble their efforts to interest in Rollins friends of Christian Education who will assist with these problems.

ROLLINS OPENS FORTIETH YEAR

PRESIDENT Weir formally opened the fortieth session of Rollins College on Wednesday morning, September 24, in the Knowles Hall chapel where the entire student body, the faculty and many friends of the institution had gathered to witness the beginning of another college year for Winter Park. In welcoming the freshman class to Rollins, President Weir was assisted by the ministers of the city and by representatives of the city organizations.

In an informal address, President Weir spoke of the work to be accomplished in 1924-25 and expressed the hope that the college record would be notable because of high standards, strong Christian atmosphere, and progress in the development of the institution.

The fortieth session brings in the co-operative support by the Florida Congregational and Presbyterian Churches in the development of Rollins College. For many years it has been the hope of Rollins trustees that such a condition might be brought about. When authorized committees from these three churches came together with the trustees of Rollins College last spring the plans which had been in the dream state for so long became a reality. There now remains the actual carrying out of these promises.

At the annual meeting of the Florida Congregational Church April 22, last, the "Union Plan" was unanimously approved and the following nominees named for election to the Board of Trustees: Roger W. Babson, Rev. W. F. Blackman, Rev. Lewis H. Keller, G. W. Nash, Mrs. C. L. Smith, Rev. C. A. Vincent, Rev. George M. Ward, Mr. H. A. Ward. According to the terms of the "Union Plan" six of these eight candidates will be elected at the February, 1925, meeting of the Board of Trustees.

The Southern Presbyterian Church will hold its annual meeting in Jacksonville Oct. 14. Dr. E. D. Brownlee, Chairman of the Rollins Union Committee from this church, is enthusiastic over the prospects of a unanimous endorsement of the "Union

Plan" by his church. Other prominent leaders of the Southern Presbyterian Church in the state also express themselves as feeling confident that the approval will be given without question.

The Northern Presbyterian Church will hold its annual meeting in St. Augustine Oct. 21. Judging from statements of leaders in this church there seems to be little doubt but that action approving the Rollins Union support will be taken.

The Union Plan

It may be of interest to give again the different points embraced in the "Union Plan" as made up by the church committees in conference with the Rollins trustees last March:

1. Rollins college shall be a union Christian college.

2. It shall be conducted by a self-perpetuating board of trustees of 24 members, 6 of whom shall be elected from those nominated by each of the above mentioned bodies, and the remaining 6 shall be elected at large by the 18 who are chosen by the church bodies. Eight or ten nominations shall be submitted by each church body when the six trustees from such body are to be chosen, and a proportionate number shall be nominated when a smaller number are to be elected.

3. The present Board of Trustees shall proceed at once with the election of a President who shall, in co-operation with the Board of Trustees, the Churches, the Alumni and other friends of Rollins College, organize a movement to liquidate the debts, provide for the annual deficit of the next three years, and raise funds for the rehabilitation of the plant.

4. The Board of Trustees and the President of the College, in co-operation with the churches, shall inaugurate as soon as possible, a forward movement that shall include endowment, campus and building needs.

ALUMNI WELCOME PRESIDENT WEIR

ALUMNI and former students gathered at the Hamilton Hotel in Winter Park Friday evening, Sept. 5, to welcome President and Mrs. W. C. Weir, to Rollins and Winter Park. Sexton Johnson, '20, President of the Association, presided.

A delicious dinner was served to the 50 guests present, a number of whom were the special guests of the Alumni Council. Among the speakers from Orlando who helped welcome the new college executive were Mayor James L. Giles, who spoke of having followed the development of Rollins since its founding forty years ago; S. Kendrick Guernsey, Secretary of the Chamber of Commerce, who pledged the support of Orlando business men and Frank Kay Anderson, President of the Orlando and Orange County Advertising Club, who referred to the splendid service being rendered the state by Rollins.

Winter Park was represented on the speaker's list by Mayor C. Fred Ward, Mrs. H. W. Barnum of the Woman's Club, W. M. Ingram, Chairman of the Alumni Council, Dr. Harry Ingham, representing the city's churches, Arthur Schultz, and H. W. Caldwell of the Board of Trustees, Dr. R. F. Hotard of the Business Men's Club, W. B. Joiner of the Union State Bank, G. E. Currier of the Bank of Winter Park, and Edward Eichstaedt, '28, representing the new student body.

The final speaker was President Weir who expressed his appreciation of the spirit of helpfulness and cooperative spirit manifested. He spoke of the tremendous responsibility of the independent college and emphasized the fact that intelligence, morality and religion must be correlated.

FOR PRESIDENT AND MRS. WEIR

On Friday, September 19, the Phi Alpha Fraternity, invited about 150 friends to their house on Kentucky Avenue, at Lake Virginia, to meet President and Mrs. Weir. The entire faculty was present and a pleasant afternoon of renewing old acquaintances and making new ones was enjoyed.

GARDEN PARTY FOR MRS. WEIR

On Thursday, Sept. 25, the Kappa Epsilon Fraternity gave a garden party at the home of their fraternity mother, Mrs. J. K. List, in honor of Mrs. Weir, wife of the new president of the college. The entire student body and a number of alumni were present to meet the charming lady of the President's House.

CHURCH RECEPTION FOR STUDENTS

As usual, the churches of Winter Park held a union reception for the faculty and students on Saturday evening, Sept. 27, at the Woman's Club. Representatives of the churches were present in large numbers to give the incoming students a warm welcome to Winter Park, and the occasion proved very successful.

ADDRESSES BY THE PRESIDENT

President Weir has been very much in demand as a speaker since arriving in Winter Park. His first Sunday was spent at Winter Garden where he filled the pulpit in the Presbyterian Church of that city. Sunday, Sept. 14, he spoke before a huge audience at a union service in Winter Park. He was also the main speaker at the Chamber of Commerce and the Business Men's Club of Winter Park.

Orlando clubs at which the President spoke were the Chamber of Commerce, the Kiwanis and the Rotary.

Mrs. Edwin Reece, (Peggy Race) was a summer visitor to the campus.

Miss S. T. Gladwin, '99, Instructor in Spanish in Rollins, is taking a year's leave of absence.

Marie Pellerin, x16, is now Mrs. E. C. Longcrier and lives in Avondale, Jacksonville, Fla. She and Mr. Longcrier have one child, Ruth Adele.

Ruth Greene, x20, of Providence, R. I., has been appointed Associate Librarian of the Rhode Island College of Education. She is a sister of R. W. Greene, '23, Secretary of the Alumni Association.

MARY HENRY BINGEMAN, VIOLINIST

THE latest addition to the Conservatory faculty is Mary Henry Bingeman, former member of the Brenau Conservatory faculty. She succeeds Elizabeth Krauss who resigned last spring to continue her work in New York.

Mrs. Bingeman was born in Scotland and as a small child her musical studies were begun in Europe with the best masters. Her life has been devoted to the violin. When her family came to America they made their home in New York and she continued her studies with the late Severin Froehlich, who was known as one of the

skilled teachers and famous artists of his generation. He composed and dedicated his "Scottish Fantasy" to Mrs. Bingeman.

Before her connection with Brenau College and Conservatory in Atlanta, Mrs. Bingeman was a concert artist whose finished playing gave her a place in the musical world. Her success in teaching violin at Brenau has fitted her splendidly for leadership in the Rollins Conservatory.

Imogene Clark, x26, married Philip A. Libby at Gorham, Me., June 20 and they are now living at 2622 San Marino St., Los Angeles, Calif.

C. Fred Ward, x97, Mayor of Winter Park and President of the Chamber of Commerce, was one of the speakers at the opening of the fortieth session.

Phi Alpha Fraternity entertained about forty guests on a house party at the Barbe Hotel, Daytona Beach, on the week-end preceding the opening of college.

Among alumni visiting on the campus for the opening of the fortieth session were: Margaret and Helen McKay, '24, Kenneth Warner, '24, Rebecca Caldwell, x25, Tom Caldwell, x26, and many others.

Mrs. J. Sherman Moore of Sanford, Miss Margaret McKay of Tampa, Miss Rebecca Caldwell of Lake Wales, and Miss Florence Bumby of Winter Garden, alumnae of Kappa Epsilon, gave a bridge luncheon for the 1924-25 chapter of the fraternity at the Martha Washington Tea Room in Orlando Sept. 27.

Wilhelmina Freeman, x27, has entered Oberlin College after an interesting summer in which she visited a number of Rollins alumni and former students. Among them were Olive Bedillion Stubbs, Dorothy Grey, Winona Auten, Pauline Phelps (Billy says Pud has become domestic and can bake a wonderful cake), Mary Giles Johnson and Margaret Dorsey. At Oberlin Miss Freeman is rooming with the sister of Fred Zorbaugh, x21, at 210 North Professor St.

PRACTICE BEGINS

ANSWERING the call of Graduate Manager Sloan, the Tars met Coach Duyck on the football field Tuesday, September 23, to begin their year of gridiron battles. It was an enthusiastic crew of "Old Tars" and "Young Landsmen" who began work that day and who have continued consistently since then the gruelling training which holds within itself the hopes of Rollins for the season. If good material, good coaching, high hopes, and mad determination to live up to the high standards of the Blue and Gold are any factors in the year's record, then Rollins should have reason to feel proud of her football warriors.

TWO NEW TEAMS

The Tars are to tackle two new teams this year, one Varsity and one Freshman. The strength of either one is certainly equal or superior to that possessed by the Tars and so there is a struggle ahead.

The first of these teams is the Newberry Eleven which the Varsity meets Nov. 6. Newberry was defeated by Florida three years ago by four touchdowns whereas Rollins had a similar experience this past year. Perhaps Newberry has picked up a bit since that time. Rollins will have the

advantage of being on home grounds. This will be the first important game on the Tar Schedule.

UNIVERSITY OF ALABAMA FRESHMEN

The University of Alabama Freshmen, who defeated the young Gators last year by three touchdowns, do battle with the "Tar Babies" on Nov. 22 in Orlando. It is the Alabama team's last game of the season, their previous opponents being Tulane Freshmen, Vanderbilt Freshmen, Miss. A. & M. Freshmen and the Varsity Reserves. Again, Rollins will be in her own backyard. She may or she may not need that advantage.

STETSON'S "ORANGE BLOSSOMS"

Following the example of Rollins alumni, the alumni of Stetson University have recently organized for a better support of the erstwhile "Hatter" teams. Word comes out of the Green and White camp that these alumni are weary of the traditions attached to the term "Hatter" and now desire their teams to be known as the "Orange Blossoms." If it is the colors Stetson wants to carry out there are many Rollins alumni who would suggest that "Tree Toads", which was the first name given the Stetson teams by Rollins, be used. Just why it has to be "Orange Blossoms" has not been clearly demonstrated as yet. Certainly such a name is without precedent in American football circles. However, it may be that after the "Orange Blossoms" have been through the 1924 season with the Gators, the Tars and the Methodists, the term may change to "Lemons". Good luck to you "Orange Blossoms", no harm meant—just continue to be your own sweet selves.

TARS DESERVE ALUMNI SUPPORT

Because of the long association of Rollins with the water sports, the members of her teams have become known as "Tars". Because of their fighting spirit, their clean playing, their thorough knowledge of the game, and their uncanny ability to overcome great handicaps, the Rollins Tars are the pride of Florida football fans.

It was the Tars of Rollins who introduced this great American game in Florida, and it is the Tars who play it with such

Snapshots of the 1923 Football Season That Closed with 247 Points Won and 43 Lost

mad determination that Rollins is rapidly making a name for herself in intercollegiate sports. The team, which has grasped the admirable spirit of the small college,

is able to make a phenomenal showing against institutions of much greater resources. The Tars deserve the support of Rollins alumni and former students.

WHAT IS EFFICIENCY?

It is doing things, not wishing you could do them, dreaming about doing them, or wondering if you can do them.

It is the power to learn how to do things by doing them, as learning to walk by walking, or learning to sell goods by selling them.

It is knowing how to apply theory to practice.

It is the trick of turning defeat into experience and using it to achieve success.

It is the ability to mass one's personality at any given time or place; it is skill in quick mobilization of one's resources.

It is making everything that is past minister to the future.

It is the elimination of the microbes of weakness, regret, worry and fear.

It is self-reliance clothed with modesty.

It is persistence plus politeness.

It is the hand of steel in the velvet glove.

It is alertness, presence of mind, readiness to adjust one's self to the unexpected.

It is sacrificing personal feelings to the will to win.

It is impinging the ego against the combination of events—luck, fate, custom and prejudice—until they give way.

It is massing the ME against the universe.

It is the sum of the three quantities—purpose, practice and patience.

It is the measure of the man, the real size of his soul.

It is the ability to use one's passions, likes, dislikes, habits, experience, education, mind, body and heart—and not to be used by these things.

It is self mastery, concentration, vision and common sense.

It is the sum total of all that's in a man.

Dr. Frank Crane.

CAMPUS SCENES

WHO'S WHO AMONG THE ALUMNI

The Reverend Daniel S. Davis, '04

(Contributed by Dr. Baker)

That Rollins students of a score of years ago were made into practically useful men and women, even as they are now with their greater opportunities, is a well-established fact easily convincing even from a brief survey of our alumni field.

The Rev. Daniel S. Davis, '04, is a conspicuous example of our educating for special usefulness, and I know of no better example of the great help that Rollins College can give to a student who can effectively help himself.

Mr. Davis was graduated from Rollins in the Class of 1904, and soon after completed a course in theology in California where he filled his first pastorate. From the work of the regular preaching of the gospel, and its associated duties, he was advanced to positions of continuously greater service-requirement until he was assigned the work he is now doing, "The business of building up Churches". To illustrate this work quote from a recent letter: "I am now with a church west of the 'Loop' (Chicago). It was in bad shape when I took charge of it a few months ago. I have succeeded in creating new interest in the work, and about six weeks ago, at a congregational meeting I raised \$2,500 in ten minutes, to do some repair work on the building and make some improvement of the grounds. * * * Perhaps when I get the church in a little better shape it will be turned over to some one else."

This work in which Mr. Davis is engaged has made him a great traveller, especially through the Far and Middle West. He writes about this, "When I was at Rollins, the United States seemed to be a very large country and so it is, but I never thought that I would travel so extensively over it as I have during the last twenty years. I have now been in practically every state in the Union, and in nearly every town of great size. Now the country seems very small to me. Go where I may, I meet some one that I know. But this is not strange when I state that, besides my extensive travels in church work, I am a 32d degree

Scottish Rite Mason and I meet a great many people on this account."

The pastorate work of Mr. Davis began while he was a student at Rollins College when he was an occasional vacation preacher in the Winter Park Congregational Church. His address is 310 North Laramie Ave., Chicago, Ill.

J. K. DORN, OF MIAMI

A son of Rollins who has merited distinction in Florida is J. K. Dorn of Miami, who has recently been elected a member of the Alumni Committee on Athletics.

One of the state's leading periodicals has referred to the success which Mr. Dorn has made in the following words: "Miami was first put on the map 27 years ago and J. K. Dorn helped to do it, the city being incorporated as a city from the outset. Mr. Dorn is President of the Miami Exchange Club, is head of the million-dollar real estate corporation bearing his name and also heads the Dorn Auto Company, agents for the Packard car. He is president of a big bond and mortgage company and a charter member of the Chamber of Commerce and the Miami Bank & Trust Co. He has contributed materially to his home city's growth by erecting hundreds of residences in the past few years."

Last April, Mr. Dorn was elected state president of the Exchange Clubs at the annual election of officers held in Palm Beach.

Rollins alumni and former students everywhere will learn with much interest of the success of Mr. Dorn and will follow his career into greater fields of accomplishment which are surely in store for him.

Members of the Class of 1923 will be grieved to learn of the sudden death of one of its beloved members, Miriam Stewart (Mrs. Warren Spencer) on Sept. 23 at her home in West Palm Beach. She and Mr. Spencer had been married only a little over a year. Mrs. Spencer was one of the most beloved girls ever to attend Rollins and her passing will make a gap in many friendships which will be hard to fill.

ATHLETICS FOR 1924

Rollins has begun a new year's program of athletics, the success of which depends upon the support of alumni and former students.

Under the leadership of A. Maxwell Sloan, x23, Graduate Manager of Athletics, and O. L. Sutliff, '24, a strong Alumni Committee has been formed for the purpose of making possible high grade intercollegiate schedules and also to help Rollins do her part in placing intercollegiate athletics on a higher and cleaner basis in line with the policies of the Southern Intercollegiate Athletic Association.

Rollins has made application for membership in the S. I. A. A. and it is hoped that affiliation will be consummated at the annual meeting of that organization next December, so that Rollins may have a recognized position in Southern athletic circles.

Rollins is a member of the University and College Athletic Association of Florida which was organized last spring "to bring the universities and colleges of Florida into close touch, stimulate an interest in and purify athletics in the universities and colleges of the state." Regardless of the winning element in a game, Rollins will uphold rigidly the requirements of this association. In order to do so, it has already been necessary to cancel one of the most important games on the schedule, and give up one of the most cherished traditions of the college year.

The first game of the 1924 football season is called for October 4 with the University of Florida. The Gators and Tars have met annually on the gridiron for many years and although because of the relative sizes of the two institutions the contest is an unequal one, the good sportsmanship displayed on both sides always makes the game one of the best drawing cards in Florida football circles. It is hoped that Rollins alumni and former students will be present Oct. 4 in large numbers to cheer the Blue and Gold on this occasion.
